## DEDICATION

*A graduating year is a year  
to remember.*

*Each graduate has his own  
emotion when he leaves the  
school for the last time as a  
student. To all the graduating  
students, the staff of the  
yearbook dedicates this  
edition. May your years be  
filled with echoes of the good  
things that came to you  
while you studied at North  
Lambton Secondary School.*

# PRINCIPAL

## FREDERICK W. SAVAGE

The school year 1970-71 has brought to North Lambton Secondary School many changes in our progress toward providing an education for our students which is adequate for the present and which will give them a better future.

A new programme of Student Affairs has given our students more responsibility in their own activities. Students at N.L.S.S. are never given arbitrary decisions but are given an opportunity to express their opinions; and, when a decision is reached, adequate information as to its reasons.

The non-graded, two-level, two-semester, credit system to be introduced in September will allow the student two areas of selection; one as to level of difficulty and the other the selection of an alternate subject. No longer will a student be required to repeat a subject already passed. Our students will select and thereafter be responsible to reach the standard required.

We anticipate that the new addition to the school will commence to take form before summer and our school will be nearly twice the present ground area. This should immensely improve our facilities and our portable classrooms will disappear probably without a tear from anyone.

The co-operation and trust of everyone involved with our school will make it a happy, pleasant training ground for the future.

May I thank those students and staff who have worked so hard to make our year a success. In addition, may I extend to those students who will move on to higher education, apprenticeship or employment during 1970, my best wishes. I trust that all will treasure the memories of our school and the friendships made at N.L.S.S.

Frederick W. Savage.

## VICE-PRINCIPAL

W.S. EVANS

My message for the 1970 Yearbook is one of hope, concern and congratulations.

This term 1969-70 has been one of change in our school as, for many students, we introduced the individual time-table. Starting in September, 1970, North Lambton Secondary School will introduce a non-graded credit system. Both of these changes, the individual time-table and the credit system, are for the benefit of the student and it is my hope that they realize the advantages of the system and use it wisely to obtain the best education available to them.

My concern results from a fear that students may attempt to abuse the freedoms and privileges offered by the new system and seek out the easy way to a diploma rather than a more beneficial way. Consider wisely as you make progress through the next few years and follow courses that will give you a good preparation for future education or facing the business world.

I said my message was one of congratulations and of course this is extended to all those who assisted in the preparation of the Yearbook. You must be very proud of the finished product and it must make you feel that the hours spent preparing for deadlines were worthwhile. I believe also that a special thank you is in order for the Editor Margaret King and a very loyal group of girls, namely Nancy Field, Karen Prudom, Diana Clark, Sandy Burkhart, Lynda Fraleigh and Willa McCahill. Many students and members of the staff assisted in the preparation of this publication but none have given more of their time and effort than this group.

W. S. Evans

# CADET DAY

The last annual N.L.S.S. cadet inspection was held on May 21, 1969. Among the demonstration teams that performed were the girls' and boys' rifle teams, the F.N. rifle demonstration team, the camp-out demonstration, the precision drill team and the map demonstration. Awards were presented for proficiency in the rifle clubs and in the cadet programme.

An outstanding cadet, Steve Rogers, won three trophies: one for commanding officer, one for best shot on the rifle club and one for the best overall cadet.

# REJUVENATION WEEK

During the week of October 14-17 the atmosphere of the good old school days was recaptured. An assembly was held the preceding week in which students and teachers modelled what could be worn during the next week.

On Tuesday the students came dressed fashionably in the 1800 style. The pace changed to the Roaring 20's with dangling beads and raccoon coats the following day. Thursday was National Grease Day and everyone was sliding down the halls. "Do your own thing" was the theme of Friday and that night the Rejuvenation Week ended with a dance. A walkathon was held the following day.

Gee whizz I fogot my lollipop!

Is this for real?

# WALKATHON

On Saturday, October 18th the Students' Council sponsored the annual Walkathon. It was a beautiful fall day as 186 walkers left the school at 9:30 all in good spirits; 154 finished the 23 mile route. The total amount collected from sponsors of the walkers was \$3,500.

The money was sent to UNICEF— the United Nations Children's Fund— in order to help the needy children across the sea.

The participants and the sponsors showed true and admirable humanitarianism in trying to help these under-privileged children.

# REMEMBRANCE DAY

A Remembrance Day service was held on November 10th with the students' contributions consisting of the reading of "Thoughts of Remembrance". Two members of the Forest Legion, Mr. Totten and Mr. Webster, attended the service with us.

The following day members of Cadets and Sea Rangers participated in the Remembrance Day Service at the cenotaph.

# FRENCH

COMMITTEE: Kevin Lamarque, Janet Meerburg, Mr. Jambrosic, Vicki May, Dan Jory.

The French Week was held from December 8 - 12, 1969. The whole school was exposed to the French language in varying degrees. The opening exercises were conducted partly in French; signs and menus were written in two languages; students were encouraged to use their French outside the classroom and posters which decorated the halls created a French atmosphere. The last period of every day that week was used for one project on French Language and culture. The co-operation among the administration, French Department and other departments was excellent. The English and History Department as well as the senior students contributed to the program. The highlight of the week was a musical program presented by the singing group "Les Agglomérés" and Dr. Jacques Medford from Talbot College, U. of W. O. The week was an interesting and enjoyable experience for the whole school.

# FROM THE LIBRARY

It was a pleasure to succeed Mrs. McLean as librarian, and to find such a well-stocked and well-organized library. N.L.S.S. is indebted to Mrs. McLean, and to the many interested staff members who have helped make our library one of the best for a school of this size.

During the 1969-1970 school year, an attempt has been made to extend the library's services. Bibliographies have been prepared to assist students in specific assignments. Information sheets have been prepared and distributed to the staff, who were encouraged to provide details for the librarian concerning upcoming projects. Many teachers have used these sheets, and the advance notice has given the librarian time to prepare special reserve shelves of related materials, or even to bring in books from the Sarnia library to supplement our supply in a particular area. Bi-monthly lists of new books have been prepared and distributed to all teachers and classrooms. Over three hundred new paperbacks, in various categories, have been added to the paperback racks, and a separate paperback catalogue - by author and title - has been provided. Fifteen additional periodicals have been added to the magazine racks, and Mr. O'Brien has placed a supply of college catalogues in the library, for the convenience of the senior students.

The librarian cannot maintain the library by himself: he depends upon, and has received, the co-operation of students and staff. The Library Club members are particularly important to the program and we are grateful for their faithfulness.

It continues to be a source of frustration that the library must be used for regular classes so much of the time. Teachers with classes timetabled into the library have, however, been most co-operative in exchanging rooms with other teachers to allow more classes the use of the library for special projects. We look forward to the new resource centre which will offer seminar rooms, audio-visual resources, clipping files, and newspapers, in addition to better facilities for individual study and research.

R. King  
Librarian

# DRAMA FESTIVAL

Cast of Sunday Costs Five Pesos: Patti Watson, Kathy Tremaine, Mike Smith, Laura Young, Bev Ravell.

Behind the scenes, Mrs. Savage applies make-up.

Scene from "Remember Caesar."

# ORGANIZATIONS

## S.A.C EXECUTIVE

BACK ROW: Mr. Shafer, Mr. O'Donnell. FRONT ROW: Annie Huyben, Jack Wilkinson, Vince George, Antoinette Mennen, Don Henderson.

During the past year the Student Affairs Council has presented to students a dynamic new concept in school government allowing students greater participation in making decisions. Elected only last year the representatives, with a greater support of the student body than ever before, have moved with vital expediency to put into effect an entirely new constitution which co-ordinates all school activities.

Numerous fund raising campaigns were undertaken. A calendar of social events was planned and executed. The participation evident in all the activities has shown the high degree of responsibility of the students at N.L.S.S. With the co-operation and guidance given by the administration and such people as the staff advisors, to the SAC the learning process supplimented by the social contact has been rewarding and beneficial for all concerned.

# SAVE A CHILD FUND

The Canadian Save a Child Fund

"A man never stands so tall as when he stoops to help a child."

This was the motto of this year's Save a Child Program. Each grade sponsored a child. We may feel deep personal satisfaction in the knowledge that our few dollars made a new life for our child and his family.

The children being supported are:

Grade Nine — Wai Yu Ma  
a 12 year old girl from Hong Kong.

Grade Ten — Siretta Piderns  
an 11 year old girl from Italy

Grade Eleven — Andreas Bailas  
a 10 year old boy from Greece

Grade Twelve — Petros Mientanis  
a 9 year old boy from Greece

Grade Thirteen — Pradnja Pullon  
a 14 year old girl from India

Staff — Sin Chong Hi  
a 15 year old boy from Korea

The week from Feb. 16-20 was "Save a Child Week." Students all made an extra effort and reached their targets for the year. With the extra money collected, toys were bought and sent to the children.

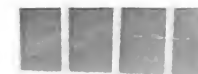

The co-operation of the students has been extremely good. They should be congratulated for their tremendous effort.

Perhaps the most beautiful words of thanks were written by Yin Fong Tam (a young girl we used to support) in her last letter to us:

"Thank you dear friends for your kind help. Words cannot describe how much I love you. I pray to God to grant you the best happiness."

# EDITOR'S MESSAGE

It was my privilege to be editor of Aurea Vincula 70. Although it meant many hours of toil it was very rewarding to see the results of this work appear in the form of a yearbook. My main concern is that it will mean as much to the other students as it does to me.

Without the help of the students it would have been impossible to chronicle the year's happenings. The students were the people who made School Spirit Week and Winter Week events which needed recording. They also gave Major support by buying the yearbook, because without this financial backing, the yearbook would not exist.

I would also like to thank Mr. Godbolt and his grade eleven Marketing class who, by selling the advertising, paid for a major part of the publishing costs and also to the Student Affairs Council who gave financial support.

My special thanks is extended to all the members of the yearbook staff. Without their never-ending support the deadlines would never have been reached on time. They worked night after night with few complaints. Although there was much work, we also had many good times together and were able to meet many students in the school.

To Mr. Newell and all the other staff advisors I extend my thanks as they gave the yearbook staff guidance and moral support.

In this year's yearbook we have attempted to introduce some new ideas. These included individual pictures of all students, more candid pages and less write-ups. I hope that they have served their purpose of making it a better book. May it truly serve as a record of the activities for 1969-70 and when the students, especially the graduates, look at it in the future, my sincere wish is that they will recall pleasant memories, of this year spent at North Lambton Secondary School.

Margaret King.  
Editor.
